The word mystic came to mind because of what unfolded at Gotay's Place yesterday. It started with a contact from California, we ran into each other again a few days ago and she told me that she will bring a small group of Garifuna youths to Labuga. Yesterday, she gave me another to let me know that the group was ready for us to meet, I had no clue

that Mariano Gotay was back on his feet, because more or less a month ago, the same place, I was at

last night was literally blown away by a tornado.

This time the Garifuna Youth group and I was on the second floor of a place I would call mystical. To

begin with there was a group of twelve youths from Honduras. We sat around a few tables that we

joined together and before we had something that Mariano himself has prepared for us, I spoke to them

about a person who thought us the meaning of "service".

From the concept of "service" I was able to develop "subjects" like education, tourism, agriculture and

Garifuna Spirituality, though I tried to impress them about what we are doing in the field of education

tourism and agriculture. I decided that Mariano Gotay could handle the field of Garifuna Spiritual and

how it affects the Garifuna Youth of today.

I would like to make a long story short. My experience at Gotay' Place was an "eye opener", it is definitely a unique experience. It is an experience because it invites "you" to be who "you" are; the

surrounding is spectacular and leaves you wandering. The "service" is mystical.
